### KITCHEN AND BATHROOM DESIGN

With a practical approach to all design we ensure absolutely fabulous kitchen and bathroom designs functional to your specific needs and budget. Combining considerations of your space, workflow and uses and our knowledge of materials and products allows us to present ideal interior solutions.

### RENOVATION AND REFURBISHMENT

Listening to your requirements we develop a brief for your renovation or refurbishment project. We work with you to finalise designs and selections, arrange quotations and help manage the project time line and activities with the builder to take stress and uncertainty out of your project and ensure a great outcome.

### COLOUR AND STYLING CONSULTATION

Needing to rejuvenate your home with new colour or require assistance in styling your home, unit or business? Interior Design by Jo can help you to choose the colours, finishes and styles saving you time and money, and lessen the risk of costly mistakes.

### NEW BUILD DESIGN SPECIFICATIONS

With tailored services to suit your needs, whether you are a Home owner, Developer or Builder we meet, listen and gain a good understanding of your brief and budget, assist with finishes and fittings selection, document the specifications and work to finalise design outcomes that look great and contribute to your lifestyle and sales value.

## FURNITURE, CABINETRY & UPHOLSTERY

Whether you're looking for a ready-made or custom piece of furniture, cabinetry or upholstery our wide range of suppliers will meet the choice of product you need.

## WALLPAPER, RUGS, MIRRORS & ARTWORK

With a wide range of accessories including wallpaper, rugs, mirrors and artwork, we add the finishing touches to your home.

## CURTAINS, BLINDS AND SHUTTERS

For quality and stylish window and door finishes that add style to your home or investment property, Interior Design by Jo can meet your needs.

We provide a custom curtain, blind and shutter design and installation service based on your budget. On site quotation meeting, full check measure, fabric and track supply, manufacture, installation and motorisation where required, will all be professionally attended to.
